

Unfortunates Are Taken Care Of at the City Police Station.

The police station was turned into a temporary hospital for the sick this morning when two unfortunates were cared for until they could be sent to the hospital there. Lloyd Dorsey, who lives on the West Side, was taken up the hill, was one of the unfortunates. Dorsey is believed to be critically ill from pneumonia. William Hogan, a sleeper who was his home in New York State, was the other victim.

The circumstances surrounding Dorsey's case are unusually pathetic. Last Friday he was taken ill and until this morning he remained in the home without attention, getting barely enough food to sustain him and suffering keenly from cold. His wife, it is said, left him about two weeks ago and he was compelled to shift for himself.

His illness became serious and this morning he attempted to make his way to town. Henry Wilson found him struggling along the path and assisted him as far as C. H. Bennett's harness

shop. Dr. Hugh Baker was called and examined the man. Dr. Baker pronounced the trouble pneumonia. He advised that he be removed to a hospital as quickly as possible. Such cases cannot be admitted to the Cottage State hospital. The ambulance was summoned and Dorsey taken to the police station. There he was examined by Dr. S. G. Steadman and later taken to the hospital over the Baltimore & Ohio railroad. Roy J. L. Proudt, chairman of the Charity Committee of the Chamber of Commerce, Burgess J. A. Evans and Dr. J. B. Woods interceded themselves in the case and did all that was possible to enable Dorsey to rest easily until he could be sent to the county seat.

William Hogan applied at the police station last night for lodging. He was taken ill while sleeping in a little room in the hotel. He was taken to the hospital and is now recovering.

Colored Folks Take the Law

Orris Fox of town was given a hearing last evening before Squire P. M. Buttermore of the West Side on a charge of assault on the person made by J. N. Straughters of the West Side. Both men are colored. Straughters alleged that while returning from work last Monday evening, Fox who was in a fighting humor, called him by name and stated that he had it for him. He also alleged that he followed him to his home and when ordered from the porch by Mrs. Straughters he refused to go and was very ungentlemanly.

Fox denied the charges and stated that he didn't see Straughters on Monday evening. The case was settled by the defendant paying the costs. Attorney S. H. Goldsmith represented the defendant. A number of witnesses were present.

The case was the most exciting one tried by the squire for some time. The witnesses figured prominently, chiefly in discussing a former suit, and the squire and attorneys present experienced some trouble in keeping the women from coming to blows.

On a charge of disorderly conduct on a West Penn street car, Morris Freeman and Charles Randall, both colored, were given a hearing this morning before Squire Buttermore. Freeman and Randall who gave their residence as "Lafayette," boarded the 730 car in Uniontown last evening. Randall later went to the rear end of the platform. In the meantime another passenger boarded the car and took the seat which had been occupied by Randall. On returning to the car Randall demanded his seat. About this time the conductor, A. Miller, interfered by telling Randall that the last passenger to occupy the seat was entitled to it.

Randall became unruly and his friend also interfered. As a result they were both ejected from the car at Beech's mill. The motorman in charge of the car was H. O. Fahol. Freeman and Randall boarded the next car to arrive at Uniontown and on their arrival in Connelville they were taken off the car and arrested by Officer Joseph O'Brien and were committed to the West Side police station pending their hearing this morning. After hearing the testimony of the conductor, motorman and a number of witnesses the costs were placed on the defendants.

MARK TWAIN ONCE SAID

"It is Spring Fever that causes the general unrest, lack of ambition and run-down condition which pervades the human system in the Spring of the year."

The sudden change from frigid to torrid weather occurs within a few weeks, especially in our northern states.

No wonder pulmonary troubles—pneumonia, spring fever, and all such ailments are almost universal.

It is people in this vicinity who know the value of Vinol, our delicious cod liver and iron tonic (without oil) at this season of the year, we would not be able to get enough to supply the demand.

Vinol tones up the digestive organs, purifies and enriches the blood, promotes healthful sleep and a normal appetite.

Old people, delicate children, run-down, overworked and tired women, those suffering from bronchitis, chronic coughs and colds, all derive great benefit from its use.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Graham & Company, Druggists, Connelville, Pa.

Arbitration Agreements

United Press Telegram.
PARIS, France, March 30.—Following the conclusion of the arbitration agreement between the United States and England, a similar agreement between the United States and France will be negotiated, according to statements made by a Foreign Office official here today.

Sumner Fish Cases Settled.
The proceedings recently instituted against eleven operators of saw mills in Faint and Conemaugh townships, Somerset county, by the State Department of Fisheries have been amicably adjusted. Each of the defendants agreed to pay his share of the costs, amounting to about \$10, and discontinue the pollution of the river and the destruction of fish with snare, while the prosecutors waived the imposition of fines of \$100 each.

New Railway is Nearing Completion

The Byro-Shoemaker Construction Company has about completed the work of grading the Somerset-Dorchester extension of the Somerset & Cambria branch of the B. & O., and track is now being laid from the Belmont end. One fill between Somerset and Uniontown remains to be finished and the steam shovels now at work at that point will likely bring it up to grade in ten days. All of the bridges and culverts have been completed, ready for the ties and rails, and it is reported that trains will be operated over the new cut off in June. Grading preparatory to doubling the Somerset & Cambria branch between Somerset and Rockwood has been greatly retarded by bad weather, but now that spring has opened the work will be rushed with a view to finishing the second track early in the summer.

The railroad company's plans regarding the yards to be installed at short distance south of Somerset have not yet been made public, but work on the yards will probably be taken up as soon as definite arrangements are made with the Somerset authorities regarding the placing of an additional track in that branch.

THE REAL TEST

Of Herpicide is in Giving it a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hairdressers may look nice and smell nice, but the hair is not what they advertise. Dandruff and itchy scalp.

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

The new plant and the plans now working will be operated to the full capacity, giving employment to several thousand additional men. The orders also apply to the sewer pipe company.

DIVIDEND DECLARED.

Westmoreland Coal Company Affected by Long Strike.

The Westmoreland Coal Company has declared a semi-annual dividend of 2 1/2 per cent. payable April 1. Six months ago a 5 per cent dividend was declared. The decrease in the dividend rate is directly attributed to the long strike in the Irwin field, and the failure of the proper authorities to maintain order.

Previous to the last dividend, the company had maintained a 10 per cent rate, and in some years an extra 2 per cent dividend has been paid. In April, 1904, a stock dividend of 25 per cent was declared.

BULLETIN

Final Advertisement of the Aaron Store's Remarkable ANNIVERSARY SALE

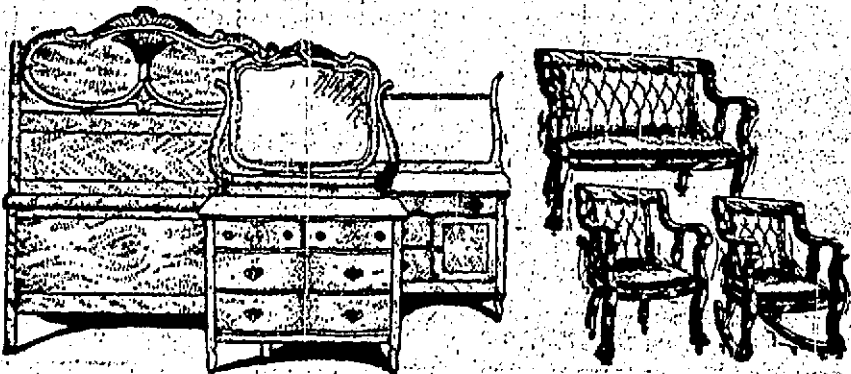

Reduced Prices Not Effective After this Week.

It has been the most remarkable Anniversary Sale we have ever had or heard of. People from all parts of Western Pennsylvania have bought heavily since the very first day of the sale. Words cannot describe the feeling of satisfaction it has given us to see how implicitly our published announcements are believed by everybody. And the very knowledge of this confidence has made us doubly careful to say nothing which we could not "make good."

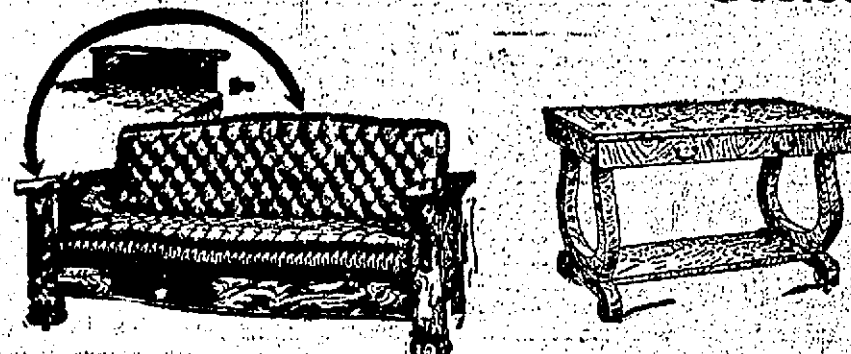

So far as we are concerned we believe this advertisement is not necessary. We believe the store would have been crowded during the remaining days of the sale without further publicity. But we print it as a final reminder to everybody who has been intending to profit by our sale who might possibly put off too long. We are grateful through and through for the way you have treated us and we won't forget it.

THURSDAY EVE'G, MAR. 30, 1911.

THE GROWING INFLUENCE OF A GROWING ORGAN.

The Uniontown Herald is mistaken in saying that The Courier is jealous of The Herald's growing circulation and influence in Connelleville. Not on your life, my son. What is nothing at which The Courier has the slightest cause to be jealous. Why, it's nothing at all. It's a trifle lighter than air. It's a zephyr from the rolling Redstone creek. It's a dream, and a bad one.

With all its tenderness and gentleness we beg to assure the Uniontown Herald of our special interest that we turn the cheek of charity and forgiveness to the warden but illiguntian snail. We can afford to be charitable where we are merely amused, and where the amusement is also coming to all the laughter-loving people of Connelleville.

"The growing circulation and influence" of the Uniontown Herald in Connelleville is one of the jokes of the season, and the joke is on the perpetrator.

The Uniontown Herald may as well direct itself of the notion that the people of Connelleville are so stupid that they can be shamelessly abused, indignantly flouted, not down and written up as selfish and heartless and unwilling to minister unto their own unfortunate, and be subsequently consoled with the thought that the author of this foul and false libel can condemn its unpardonable offense by appointing a Connelleville citizen on its unpaid-for charity committee and announcing that its "circulation and influence" is growing.

The first aim of The Courier is to be just to everybody, and we want to be understood just in the organs of growing influence in Connelleville. We must, therefore, admit that it is possible that it has gained one subscriber in Connelleville, and believe us, we should refuse it this measure of justice.

The circulation of the Uniontown Herald in Connelleville was formerly 50 and is now 51. This is gross, not net.

Connellsville voted for Third-Class City Government, but the Legislature is inclined to hand us Government-by-Commission. Connelleville knows, is not what we want. We are willing to accept a modification of the present city government, but we must, seriously protest against the Reform and Herald and all such nonsense as that Connelleville doesn'tanker after a state of perpetual political unrest. It isn't good for progressive communities. They have something else to think about besides politics.

Council Buys Smoke Helmets

The lessons taught by the recent fire in Connelleville have resulted in prompt action on the part of the Safety Committee of Town Council. At a meeting last night the purchase of a smoke helmet, 3,000 feet of hose and one set of rope were authorized. The committee will secure estimates on the equipment needed.

The meeting presided over by Chairman C. M. Storer, was a lengthy one and the situation was discussed at length. The committee will immediately into the needs of the fire department but recognized that the financial condition of the town which would permit more than absolutely necessary expenditures at this time. The rope to be purchased and the committee will make one to keep crawling back during a fire and the other to facilitate getting home to supper.

The committee also authorized the purchase of two dog tags and gave Chairman C. M. Storer authority to appoint two good men to enforce the quarantine when it becomes effective. It is expected that at the next meeting of Town Council the committee will again urge upon Council the necessity for better quarters for the fire department.

J. Fred Kurtz Announces His Candidacy for Prothonotary.

(Political Advertisement.)

The list of candidates for county offices has been increased by the addition of the name of J. Fred Kurtz, vice and popular secretary of the Connelleville Chamber of Commerce, who is a nephew and "namesake" of William Frederick Kurtz, of Company 11, 12th Regiment of Pennsylvania Volunteers, who fought and was killed in the battle of Fredericksburg, and after whom the Connelleville William F. Kurtz is named. Mr. Kurtz has already announced he is a candidate for Prothonotary, to succeed William McClellan, of Uniontown, who has already served one term and is a candidate for another.

Mr. Kurtz is one of the most active and progressive young men the youth of this town are due largely to Mr. Kurtz's ability, tact, and business acumen. The business men and citizens of Connelleville are his most loyal supporters, and his candidacy for political honors will no doubt evoke many sincere expressions of support. For years the name of Kurtz has been well known throughout Fayette county. Mr. Kurtz's father, Henry Kurtz, after a state of perpetual political unrest. It isn't good for progressive communities. They have something else to think about besides politics.

Four Drunks in Police Court

Four drunks faced Burgess Evans this morning, an unusually large number for a midweek hearing since police business has dropped off. There was no money in the crowd. J. C. Taylor, who stole a barrel of beer from a Wheeler, was charged with being drunk and disorderly. He was given 72 hours and advised to leave town after serving out the sentence. Thomas Jones, a Welshman, has cultivated the unpleasant habit of, when drunk, walking into the nearest house and sitting down until the police haul him out. He begged off but Burgess Evans gave him 72 hours. Later, on a plea of sickness, the sentence was suspended. Eli Kennedy, charged with being drunk, disorderly and resisting arrest, was given 72 hours. John Onuschock of Blinn, drew 48 hours for "too much drink."

ORPHANS' COURT.

Later, on a plea of sickness, the sentence was suspended. Eli Kennedy, charged with being drunk, disorderly and resisting arrest, was given 72 hours. John Onuschock of Blinn, drew 48 hours for "too much drink."

In the estate of the late Martin Cochran an order was handed down for the distribution of a balance of \$10.25 shown by the final account of the administrator. The money goes to the three brothers and one sister of the deceased.

In the estate of the late William J. Hamilton the court directed that Administrator William J. Elgin be allowed to expend a balance of \$42.18 for a tomb stone.

and Emma Snow Kurtz. Educated in the public schools of his native town, he entered the business world first through his employment as a stenographer with the Steamship-Turkey 1904, Works in South Connelleville. Later he became bookkeeper for that concern, and afterwards was employed as the cashier by the Baltimore Automobile Manufacturing Company, the Baltimore & Ohio Railroad Company and the Home Building Company, all Connelleville concerns.

In 1903, with other Connelleville business men, Mr. Kurtz helped to incorporate the Connelleville Construction Company, building contractors and dealers in supplies, and became its first Secretary and Treasurer.

He was elected Treasurer of the Connelleville Building & Loan Association in 1909. For the past ten years he has held that office and has also been one of its managers. In this capacity he has taken an intense interest in the problem of helping working men and others of limited capital to secure homes of their own.

Mr. Kurtz was elected secretary of the reorganized Chamber of Commerce of Greater Connelleville in November, 1909. In the meantime he has made an especial study of business conditions in Connelleville and throughout the county, and has been instrumental in promoting the civic and industrial welfare of Connelleville and to secure improvements and other needed public improvements in the county. He was also one of the leaders in the Centennial celebration held in Connelleville, Pa., last year, being chairman of the Publicity Committee.

Since becoming Secretary of the Chamber of Commerce, Mr. Kurtz has had successful personal dealings with prominent railroad officials and capitalists of industry and commerce, and since early manhood he has been associated with men of large affairs and in positions of responsibility requiring aggressiveness and skill. The training thus secured has enabled him to handle business matters with judgment and discretion. He is also President of the American Detinning Company, a few years ago, being chairman of the Publicity Committee.

Mr. Kurtz is not married. He is a member of the Christian church, of the Connelleville Y. M. C. A., of the Connelleville Lodge of the Benevolent and Protective Order of Elks, and of the Order of Owls.

Of the many announcements that have been made for county offices there has been no mention of Mr. Kurtz, who has been so long and so successfully associated with men of large affairs and in positions of responsibility requiring aggressiveness and skill. The training thus secured has enabled him to handle business matters with judgment and discretion. He is also President of the American Detinning Company, a few years ago, being chairman of the Publicity Committee.

Mr. Kurtz should appeal to every voter in the county.

SCOTSDALE OFFICE IS A BUSY ONE.

Postal Life of the Mill Town
Is a Healthy
One

FROM THE RECENT REPORT

Minister of Christian Church Resigns
To Go Elsewhere—Miller's Store
Having Attractive Fashion Show
This Afternoon and Evening.

Special to The Courier.

SCOTSDALE, March 29.—In a recent tabulation of work done in post-offices, the one at Scottdale makes an interesting report, which shows up well for this town and its vicinity. Postmaster B. C. Fratts, in his report to the Postoffice Department shows that during a period of seven days both the time taken at the office, the four carriers in the local office serve a population of 1,752, and 290 business places. These carriers daily cover a route averaging 15 miles in length, requiring a daily average of 350 stops for each carrier. The rural delivery carrier covers a route of 22 miles long, and serves 125 mail boxes. There are 37 mail boxes in Scottdale from which collections are made. The collections are made each morning all over town between 6 and 7 o'clock and this work is done by two carriers in the business district they make an afternoon collection for the 2:30 train, then another collection that must be in the office at 5 o'clock for the evening trains.

The total number of pieces of incoming mail handled by the four carriers during the period stated was 15,567, of which 7,992 were first class weighing 154 pounds and 5,095 pieces of other classes, weighing 1,376 pounds. The Scottdale carriers, being timed, routed on an average of 17 pieces of mail per minute. The percentage of business houses and residences provided with mail receptacles is 97 per cent.

The money order business often runs as high as 1,500 money orders paid in the two week periods on which reports are made, or 3,000 a month paid by the Scottdale office. About 1,000 orders are issued monthly.

The staff of the Scottdale office is as follows: B. C. Fratts, postmaster; H. A. Brink, assistant postmaster; Miss Lily Hixon, money order clerk; Miss Kathryn Booth, general delivery clerk; Miss Sally Monroe and Walter Huey, clerks; F. D. Orank, Charles H. Stoner, O. S. Lovo and W. S. Loucks, carriers, and Walter Fratts rural carrier.

The above report when compared with similar reports from other places of the same size and larger than Scottdale shows this office up to and above the average. Scottdale has every reason to be pleased with the work of the postoffice. It may be said, too, that from Scottdale are mailed no less than eight weekly papers, three monthly magazines and eight quarterly magazines.

Minister Resigns.
Rev. Thomas B. Shearer, pastor of the Christian Church of Scottdale, has resigned his pastorate, the resignation having taken effect immediately upon his giving it to the official members of his congregation. Rev. Mr. Shearer's successor has not been selected as yet, but a number of ministers are under consideration. The congregation's officers are in correspondence with some ministers who may be offered the vacancy in the Scottdale church which is quite a live one, and with a growing congregation. There will be preaching services by some minister of the denomination on the coming Sunday may the members of the congregation, but at this time they do not know definitely what minister will be here.

Rev. Mr. Shearer came here about a year ago, accompanied by Mrs. Shearer, the two began active work in their congregation, and brought it forward quite a good deal. Mrs. Shearer's parents, Mr. and Mrs. James Hackett are also residents of Scottdale, and it is understood that both families will remove from here within a short time.

Rev. Mr. Shearer came from the pastorate of a church in Baltimore, and while but little above his majority is an aggressive and enterprising minister. He has had the offer of some other churches.

Fashion's Showing.
The center of attraction in town this afternoon and evening is Miller & Bro.'s Big Store where the Fashion Show is taking place, with a rare display of all that is new and stylish. This spring showing is one of the events that draws a large crowd there every year. There is also a musical program both afternoon and evening by the Burckell orchestra which will be a treat. All are invited to attend.

Was Operated On.

What a Glorious Success the Opening Day Was

The rich colorings of hundreds of fashions, most approved, and exclusive Millinery creations, the tropical green of tall palms, the beautiful festooning of flowers, and the all-day procession of smiling women—it was truly gorgeous—a panoramic, moving picture, conceded by all who were here to the most elaborate Millinery opening they ever attended, but this is not a millinery opening only, it is the opening of the busy new Kobacker store, its conception of style coupled with the lowest prices, that the success of the Kobacker store will continue. This will be demonstrated by a 15 day sale, that will start on Friday morning, with prices on goods such as was never before heard of, even in the Kobacker store. See our four-page circular. Opening at Kobackers' Store Drew Big Crowds Yesterday.

Kobackers' annual spring opening held yesterday afternoon and last evening attracted hundreds of people from Connellsville and nearby towns. Despite the inclement weather, the store last evening was filled to its capacity and at times it was almost impossible to get through the crowd. Music was furnished in the afternoon and evening by Kifor's orchestra. In the last six weeks the store has undergone extensive improvements and on entering the store one would hardly recognize it as the store room of the last six weeks.

In order to have the store one of the most up-to-date and attractive dry goods establishments in Connellsville, the firm spared no expense in carrying out the improvements and as a result a wonderful change has been wrought. The display windows are noted features in the improvement and are the prettiest and most convenient in town. With the attractive colors and display of millinery and ladies' suits, etc., they attracted much attention, especially from the feminine shoppers.

In the upper window the predominant color was coral white, while in the lower window the prevailing color, King's blue was predominant. Large baskets of roses, red and white, played an important part in the decorations. The interior of the store has been converted into a bower of beauty. Palm and other potted plants were profusely used. The first floor is devoted to curtains, kimono, linens, waists, drawn work, ladies' neckwear, gloves, hosiery and other little accessories so important to the feminine shopper. The second floor is devoted exclusively to ladies' suits, dresses and millinery. The millinery department is located in the rear of the store and here was shown a grand display of millinery, all the newest shapes and prevailing colors, in millinery being shown in handsome hats suitable for street wear and more dressy occasions. Miss Eleanor Sullivan is in charge of this department. The ladies' suit department takes up the front of the store.

Special attention is given this department and a wide assortment of tailored and fancy suits were on exhibition. The popular one-piece dress and display of millinery and ladies' suits, etc., they attracted much attention, especially from the feminine shoppers.

In the upper window the predominant color was coral white, while in the lower window the prevailing color, King's blue was predominant. Large baskets of roses, red and white, played an important part in the decorations.

SCOTSDALE CLASS GRADUATES IN MAY.

Memorial Day Will See the
Seniors Mustered
Into Life.

DR. HAMILTON THE SPEAKER

Rev. R. B. Mansell, Pastor of Methodist Church, Will Preach the Memorial-Class Day Exercises Will Be on Afternoon Before Commencement.

Special to The Courier.
SCOTSDALE, March 29.—Memorial Day in Scottdale will be an all-day holiday, for with the usual program of the day in commemoration of the soldiers who have answered the last call, the evening will be devoted to the young soldiers who leave the public schools of Scottdale to enter the battle of life. The annual Commencement exercises of the graduating class of the Scottdale High school will take place at the Goy opera house, according to arrangements now made, on Tuesday evening, May 30.

The speaker of the evening will be Dr. Samuel Hamilton, Superintendent of the Allegheny county schools, and one of Pennsylvania's most noted educators, and in fact counted one of the foremost in the United States. Dr. Hamilton's address should be well worth hearing. There will be exercises by members of the class and special music fitted to the occasion will be rendered by a chorus from the school, accompanied by orchestra.

Caps and gowns will be worn by the members of the class, and the stage will be decorated in harmony with the great event. On the day previous to Commencement there will be the regular Class Day exercises and these promise much in the way of entertainment.

The annual sermon to the graduating class will be delivered by Dr. Rodin B. Mansell, pastor of the First Methodist Episcopal Church, on the evening of Sunday, May 28. A special program of music will be rendered at that time also.

Boost Meeting for Can Factory

Special to The Courier.
MEYERDALE, March 30.—Saturday afternoon at 1:30 o'clock there will be a meeting of the Commercial Club and farmers in the Grand Opera house for the purpose of discussing the question of locating a canning factory here. Considerable interest has been worked up and a large turnout at the meeting is looked for. The principal speaker for the occasion will be the Hon. Norman D. Critchfield, Secretary of Agriculture of Pennsylvania.

Other speakers who are familiar with the industry will also be present to speak upon the subject.

INTER-LITERARY CONTEST

Of the High School Creates Interest Among the Pupils.
Great interest is being displayed by the High School students in the annual inter-literary contest of the Philo and Connellsville Literary societies to be held Friday evening, April 7, in the Solon theatre. Rehearsals are being held almost daily and each participant is putting forth a special effort to win out in the contest. The program is one of unusual interest and is deserving of a large audience.

Those Cokers Are Still at Basketball

They never tire of basketball down Rindling way. Tuesday night "Bush" Porges and Leon Egolf were in the fray again, participating in the annual game between the leading team of the Eastern league and the outstanding players who are now shining stars in the Central aggregation. Shades of bygone victories the Cokers stars were on the winning side by a 27-27 score. Three Uniontown players and two from Connellsville made up the excellent aggregation, Porges and Peral playing forwards, Porges center and Egolf and Kinkade guards. Porges made five field goals and shot 15 fouls, giving him 25 points. Egolf caged one field shot, Peral 3 and Peral 2.

Guess those Central league boys don't know how to play the game, even if the season did end nearly a month ago. That's just a sample of what waits in store for DeNeri.

SOCIAL-EVENING

Given by Women's Foreign Society of Dawson M. E. Church.
DAWSON, March 30.—(Special.)—The social evening given by the ladies of the Women's Foreign Missionary Society of the M. E. Church here last evening was a very enjoyable one. Miss Fendrick, a returned missionary of India, gave a very delightful and interesting talk on her experience with the natives. Mrs. H. J. Bell and Mrs. Innes Cochran each rendered a solo which were very much appreciated.

The Standard Bearers of the church were the honor guests of the society since Miss Fendrick is in charge of that department of missionary work. The colors, blue and white, prevailed in the dining room, that being the Standard Bearer's colors. Large pennants and potted plants were used for decorating, while the guests were given a miniature pennant as they passed to their places in the dining room. The lunch which was a special feature was all in white and it being the best of delicacies. The attendance was the largest that has attended these social meetings.

The committee in charge were Mrs. Sue Jones, who presided at the tea table with Mrs. George McGill, Mrs. Herbert, Mrs. Hughes, Mrs. Evans and Mrs. Tarr as aides.

Consumption

"Anyone interested in the cure of Consumption should not get one of the booklets selling of the use of Eckman's Alternative. Eckman's Alternative is the most effective remedy. Read Mr. Kanitz's statement:—

"I was troubled with cough and expectoration for five or six years. I was given Cod Liver Oil, Glycerine and other medicines, all without result. I also had a high fever. My case was declared Consumption by my physician. I was given Eckman's Alternative, which I took with excellent results. I am now cured. I have gained weight and am in good health. I give these facts to encourage others to use Eckman's Alternative."
